

VoteRescue Volunteer Information Form

Parallel Elections

Website: www.VoteRescue.org

VoteRescue is a non-partisan Texas-based election integrity organization that is dedicated to restoring accessibility, fairness, accuracy and total transparency to the democratic process of voting in the United States.

The goals of **VoteRescue** are to:

1. **EDUCATE** citizens about the ongoing efforts to undermine our fundamental right to vote,
 2. **MOTIVATE** citizens to help expose and overturn these destructive efforts,
 3. **COLLABORATE** with other state and national groups that share our goals, and, ultimately,
 4. **RESUSCITATE** our dying democracy by restoring true power and integrity to each and every vote.
- On the website, you may subscribe to our mailing list (via email). This will help keep you in contact with the majority of the group.
 - On the website, you may join our forums, where you can discuss the VoteRescue issues.
 - VoteRescue has general meetings (which are posted on the website) where we discuss plans of action and issues relating to election integrity. Please come to these meetings when you can.
 - The Parallel Election group will be holding special meeting and training sessions for our events, which we strongly urge you attend if you intend on being part of the Parallel Election.
